Bellow (separated by three empty lines)

Emojis                            

Font Awesome:

 twitter.com/cloudogu

 github.com/cloudogu

To the right (separated by - - -)

Syntax highlighting

```
String hello = "world";
```

Quotes:

A container image is a lightweight, stand-alone, executable package of a piece of software that includes everything needed to run it: code, runtime, system tools, system libraries, settings.

Separate files are placed to the right

Don't forget to add the markdown to `index.html`!

Images

Image via Markdown

The images are floating right and left of this text via css The image below is loaded lazily

Font

- Normal
- red

Line Break after two empty blanks

- Smaller text
